Safe Harbor Statement

This presentation contains several “forward-looking statements.” Forward-looking statements are those that use words such as “believe,” “expect,” “intend,” “plan,” “may,” “likely,” “should,” “estimate,” “continue,” “future” or “anticipate” and other comparable expressions. These words indicate future events and trends. Forward-looking statements are our current views with respect to future events and financial performance. These forward-looking statements are subject to many assumptions, risks and uncertainties that could cause actual results to differ significantly from historical results or from those anticipated by us. The most significant risks are detailed from time to time in our filings and reports with the Securities and Exchange Commission, including our annual report on Form 10-K for the year ended December 31, 2021 and our subsequent quarterly reports on Form 10-Q. Such risks include - but are not limited to - GM's ability to sell new vehicles that we finance in the markets we serve; dealers' effectiveness in marketing our financial products to consumers; the viability of GM-franchised dealers that are commercial loan customers; the sufficiency, availability and cost of sources of financing, including credit facilities, securitization programs and secured and unsecured debt issuances; the adequacy of our underwriting criteria for loans and leases and the level of net charge-offs, delinquencies and prepayments on the loans and leases we purchase or originate; our ability to effectively manage capital or liquidity consistent with evolving business or operational needs, risk management standards and regulatory or supervisory requirements; the adequacy of our allowance for loan losses on our finance receivables; our ability to maintain and expand our market share due to competition in the automotive finance industry from a large number of banks, credit unions, independent finance companies and other captive automotive finance subsidiaries; changes in the automotive industry that result in a change in demand for vehicles and related vehicle financing; the effect, interpretation or application of new or existing laws, regulations, court decisions and accounting pronouncements; adverse determinations with respect to the application of existing laws, or the results of any audits from tax authorities, as well as changes in tax laws and regulations, supervision, enforcement and licensing across various jurisdictions; the prices at which used vehicles are sold in the wholesale auction markets; vehicle return rates, our ability to estimate residual value at lease inception and the residual value performance on vehicles we lease; interest rate fluctuations and certain related derivatives exposure; our joint ventures in China, which we cannot operate solely for our benefit and over which we have limited control; changes in the determination of LIBOR and other benchmark rates; the length and severity of the COVID-19 pandemic; our ability to secure private data, proprietary information, manage risks related to security breaches and other disruptions to networks and systems owned or maintained by us or third parties and comply with enterprise data regulations in all key market regions; foreign currency exchange rate fluctuations and other risks applicable to our operations outside of the U.S.; changes in local, regional, national or international economic, social or political conditions; and impact and uncertainties related to climate related events and climate change legislation. If one or more of these risks or uncertainties materialize, or if underlying assumptions prove incorrect, our actual results may vary materially from those expected, estimated or projected. It is advisable not to place undue reliance on any forward-looking statements. We undertake no obligation to, and do not, publicly update or revise any forward-looking statements, except as required by law, whether as a result of new information, future events or otherwise.

Provide Support Across Economic Cycles

- Liquidity in excess of target to support at least six months of cash needs without access to capital markets
- Leverage ratio managed within target of ~10x
- Commitment to investment grade rating; diversified funding plan with unsecured debt mix of at least 50%
- Sufficient capital and liquidity to support earning asset growth and navigate economic cycles
 - Excess capital of \$4.9B before exceeding Support Agreement leverage ratio limit of 12.0x

Available Liquidity (\$B)

Leverage Ratio¹

1. Calculated consistent with GM/GM Financial Support Agreement, filed with the Securities and Exchange Commission as an exhibit to our Current Report on Form 8-K dated April 18, 2018

Contribute to Enterprise Profitability

- CY22 earnings expected to be at the higher end of \$3.5-4.0B range
 - 1H22 earnings comparison driven by impact of smaller lease portfolio and reduction of reserve levels in 1H21
- Paid \$750M dividend to GM in 2Q22
 - Timing and size of dividend governed by business and economic conditions, our financial condition, earnings, liquidity requirements, and managerial leverage target ensuring capital to support balance sheet growth
- Standalone return on average tangible common equity above target range of low to mid-teens due to strong earnings

Earnings Before Taxes & Dividends (\$B)

Tangible Equity (\$B)¹

1. Total shareholders' equity less goodwill

2. Defined as net income attributable to common shareholder for the trailing four quarters divided by average tangible common equity for the same period; see Slide 19 for reconciliation to the most directly comparable GAAP measure

Operating Metrics

Origination Volume (\$B)

Ending Earning Assets (\$B)

Retail Loan

Originations and Portfolio Balance (\$B)

U.S. Retail Loan Share ¹	38.3%	37.3%	41.0%	46.7%	44.2%	45.2%
U.S. Weighted Avg. FICO Score at Origination	724	721	729	740	743	744
Prime share of portfolio (680+)	64.8%	65.6%	66.5%	67.9%	69.0%	70.5%

- North America originations relatively flat YoY in 2Q22 due to constrained new vehicle supply driving lower GM retail sales, partially offset by an increase in U.S. retail loan share and average loan amount

1. Source: J.D. Power and Associates' Power Information Network

Retail Loan Credit Performance

Delinquency Rates

Annualized Net Charge-offs

- Annualized retail net charge-offs continued lower than pre-pandemic levels due to resiliency of the consumer and historically high recovery rates on repossessed vehicles
- Credit metrics expected to increase from current levels; longer term, net charge-offs may remain below pre-pandemic levels due to improved credit mix

Retail Lease

Originations and Portfolio Balance (\$B)

GM Type of U.S. Sale - Lease ¹	20.1%	19.2%	16.5%	15.0%	17.0%	15.8%
U.S. Weighted Avg. FICO Score at Origination	776	775	773	775	777	780

- U.S. lease originations and lease sales mix decreased YoY due to constrained new vehicle supply resulting in lower industry sales and lease financing incentive levels

1. Lease as a percentage of GM U.S. retail sales mix (Source: J.D. Power and Associates' Power Information Network)

GM Financial Used Vehicle Trends

U.S. Off-Lease Sales Volume (units, 000)

U.S. GMF Gross Proceeds vs. ALG Residuals at Origination²
(Avg % per Unit³)

- Used vehicle prices remained elevated compared to pre-pandemic levels in 2Q driven by continued low new vehicle inventory and incentive levels
- GM Financial off-lease sales volume and return rate at historic lows
 - Nearly all off-lease vehicles in 2Q purchased at contract residual value which, although above book value, was generally lower than current wholesale prices
- Expect used vehicle prices to continue to decline relative to 2021 peak levels, but remain above pre-pandemic values primarily due to sustained low new vehicle inventory and incentive levels

1. Based on leases terminated in the period
 2. Based on average condition Automotive Lease Guide (ALG) residual with mileage modifications
 3. Reflects average per unit gain/(loss) on vehicles returned to GMF and sold in the period

Commercial Loan

Commercial Finance Receivables (\$B)

U.S. Wholesale Dealer Penetration	33.9%	35.9%	37.7%	40.0%	41.0%	42.0%
U.S. Floorplan Dealers	1,480	1,558	1,635	1,728	1,764	1,804

- Leading provider of floorplan financing for U.S. GM dealers with 42% penetration
- Commercial receivables up sequentially driven by increased wholesale dealer penetration
- Dealer profitability and liquidity remains strong despite lower sales volume

China Joint Ventures

Originations (\$B)

Ending Earning Assets (\$B)

Equity Income (\$M)

Annualized Retail Net Charge-offs

- Equity Income and retail penetration remain strong; originations and assets impacted by foreign exchange and reduced manufacturer activity due to COVID-19 lockdowns
- Annualized retail net charge-offs increased due to impact of COVID-19 lockdowns

Global Funding Platform

- Committed credit facilities of \$26.7B provided by 26 banks at June 30, 2022
- Unsecured debt mix 59% at June 30, 2022, above 50% target
- Issued \$11.2B in public and private debt securities in 2Q22
 - \$7.2B in public and private securitization funding
 - \$4.0B in unsecured debt
- Subsequent to quarter-end, issued \$1.2B in public secured debt
- Expect consistent issuance cadence across platforms in 2022
- Published joint GM/GMF Sustainable Finance Framework; see <https://investor.gm.com/esg>

Public Debt Issuances (\$B)

1. Includes Rule 144a transactions

Committed to Investment Grade

- GM targeting performance consistent with “A” ratings criteria
- GM Financial ratings aligned with GM’s rating; currently investment grade with all agencies
- Investment grade rating critical for captive strategy execution

Current Ratings	GM			GM Financial			
	Company Rating	Bond Rating	Outlook	Company Rating	Bond Rating	ST Rating	Outlook
