2021 Chevrolet Tahoe Z71

A dark grey 2021 Chevrolet Tahoe Z71 SUV is shown from a rear three-quarter view, driving on a dirt road in a desert landscape. The vehicle is kicking up dust, and the background features large, rounded rock formations under a blue sky with light clouds.

Safe Harbor Statement

This presentation contains several “forward-looking statements.” Forward-looking statements are those that use words such as “believe,” “expect,” “intend,” “plan,” “may,” “likely,” “should,” “estimate,” “continue,” “future” or “anticipate” and other comparable expressions. These words indicate future events and trends. Forward-looking statements are our current views with respect to future events and financial performance. These forward-looking statements are subject to many assumptions, risks and uncertainties that could cause actual results to differ significantly from historical results or from those anticipated by us. The most significant risks are detailed from time to time in our filings and reports with the Securities and Exchange Commission, including our annual report on Form 10-K for the year ended December 31, 2019 and our subsequent quarterly reports on Form 10-Q. Such risks include - but are not limited to - the length and severity of the COVID-19 pandemic; GM's ability to sell new vehicles that we finance in the markets we serve; dealers' effectiveness in marketing our financial products to consumers; the viability of GM-franchised dealers that are commercial loan customers; the sufficiency, availability and cost of sources of financing, including credit facilities, securitization programs and secured and unsecured debt issuances; the adequacy of our underwriting criteria for loans and leases and the level of net charge-offs, delinquencies and prepayments on the loans and leases we purchase or originate; our ability to effectively manage capital or liquidity consistent with evolving business or operational needs, risk management standards and regulatory or supervisory requirements; the adequacy of our allowance for loan losses on our finance receivables; our ability to maintain and expand our market share due to competition in the automotive finance industry from a large number of banks, credit unions, independent finance companies and other captive automotive finance subsidiaries; changes in the automotive industry that result in a change in demand for vehicles and related vehicle financing; the effect, interpretation or application of new or existing laws, regulations, court decisions and accounting pronouncements; adverse determinations with respect to the application of existing laws, or the results of any audits from tax authorities, as well as changes in tax laws and regulations, supervision, enforcement and licensing across various jurisdictions; the prices at which used vehicles are sold in the wholesale auction markets; vehicle return rates, our ability to estimate residual value at the inception of a lease and the residual value performance on vehicles we lease; interest rate fluctuations and certain related derivatives exposure; our joint ventures in the Asia/Pacific region, which we cannot operate solely for our benefit and over which we have limited control; changes in the determination of LIBOR and other benchmark rates; our ability to secure private customer and employee data or our proprietary information, manage risks related to security breaches and other disruptions to our networks and systems and comply with enterprise data regulations in all key market regions; foreign currency exchange rate fluctuations and other risks applicable to our operations outside of the U.S.; and changes in local, regional, national or international economic, social or political conditions. If one or more of these risks or uncertainties materialize, or if underlying assumptions prove incorrect, our actual results may vary materially from those expected, estimated or projected. It is advisable not to place undue reliance on any forward-looking statements. We undertake no obligation to, and do not, publicly update or revise any forward-looking statements, except as required by federal securities laws, whether as a result of new information, future events or otherwise.

Captive Value Proposition

Drive Vehicle Sales

Enhance Customer Experience and Loyalty

Provide Support Across Economic Cycles

Contribute to Enterprise Profitability

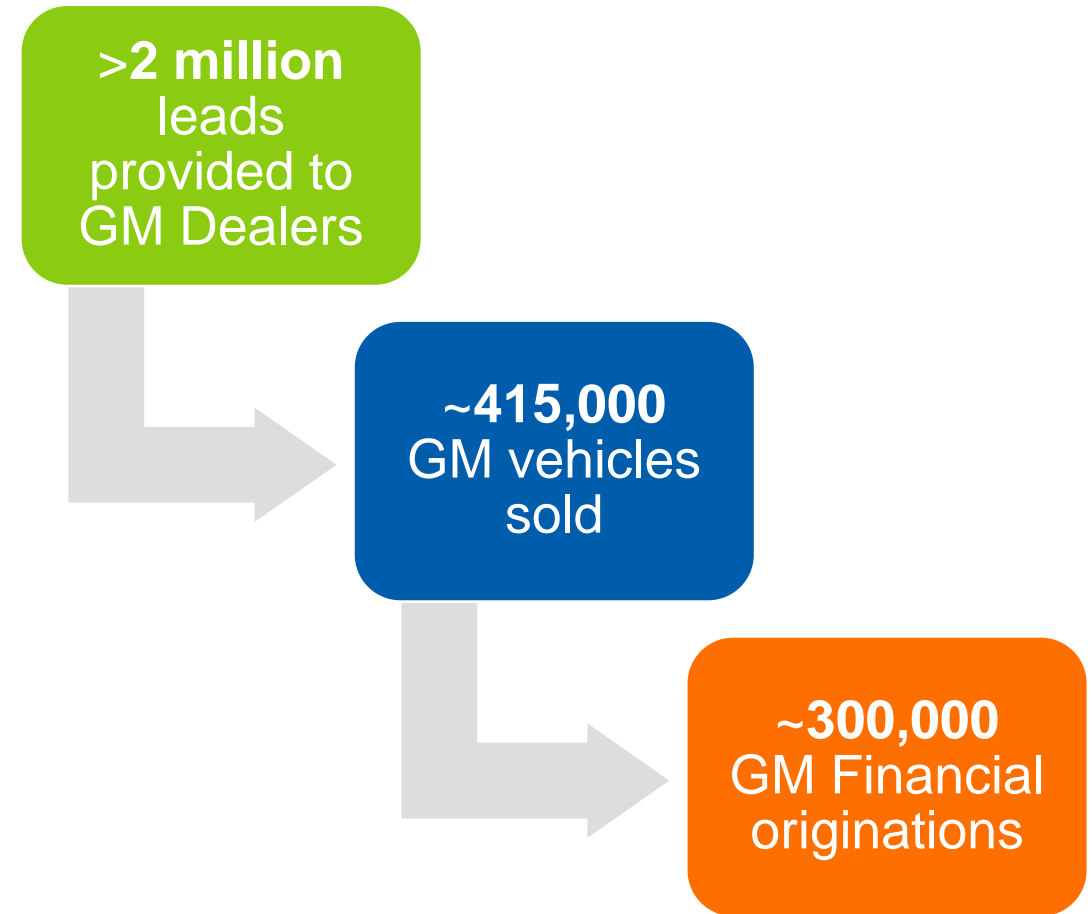

Drive Vehicle Sales

- ✓ Offer competitive, comprehensive suite of finance products and services to customers and dealers
- ✓ Support GM's go-to-market strategies
- ✓ Enhance dealer sales through lead generation programs and underwriting depth
- ✓ Participate in enterprise strategic initiatives (e.g., leasing electric vehicles and financing autonomous fleets)

Q2 2020:

- U.S. retail penetration of 53% driven by GM incentive strategies and strong dealer engagement with GM Financial
 - Increased share of GM New loans offset by lower lease originations due to COVID-19 impact on key lease markets

Enhance Customer Experience and Loyalty

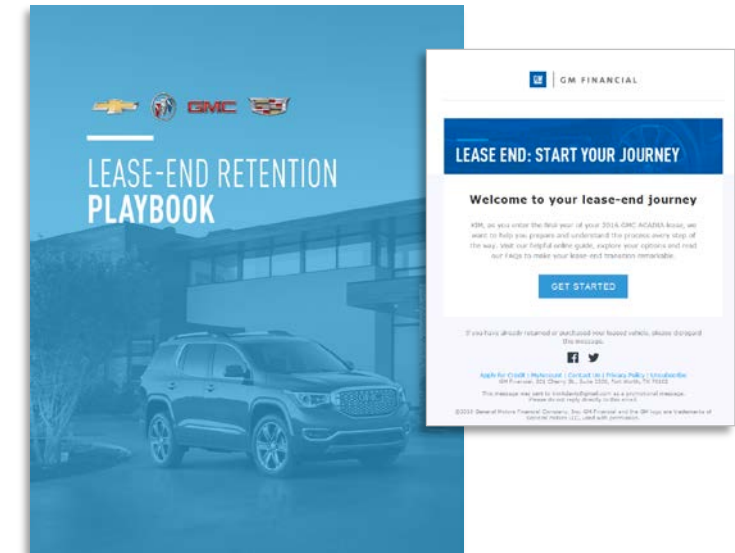

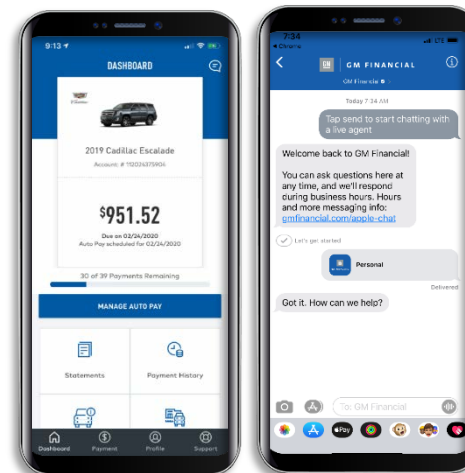

- ✓ Strong loyalty supports sales and earnings for GM
- ✓ Integrated GM/GM Financial customer relationship management activities
- ✓ Customer-centric, multi-channel servicing approach leads to high customer satisfaction
- ✓ Personalized end-of-lease term experience designed to inform customer and increase likelihood of purchasing another GM vehicle

Q2 2020:

- Accelerated toward goal of 50% customer interactions through digital channels (i.e., messaging/chat)
- Provided payment deferrals and lease contract extensions to support customers affected by COVID-19
 - Positive impact to delinquency metrics as accounts generally brought current through deferment process
 - Strong payment performance post-deferral

For the fourth consecutive year, GM Financial is #1 in manufacturer loyalty¹

1. Based on CY 2019 IHS Markit Return to Market Manufacturer Loyalty. Data based on disposal methodology and GM custom segmentation in the U.S.

Provide Support Across Economic Cycles

- ✓ Liquidity in line with target to support at least six months of cash needs without access to capital markets
- ✓ Leverage ratio managed within target of ~10x
- ✓ Commitment to investment grade rating; diversified funding plan with unsecured debt mix ~50%
- ✓ Leadership team experienced at navigating through multiple economic cycles

Q2 2020:

- Leverage impacted by dividend payment to GM, adoption of CECL accounting standard and change in Other Comprehensive Loss driven by FX translation adjustment
- Capital sufficient to absorb \$1.8B of negative earnings without exceeding Support Agreement leverage ratio limit of 11.5x
 - Supports doubling of both net charge-offs and used vehicle price declines from current expectations before requiring capital from GM

Available Liquidity (\$B)

Leverage Ratio¹

1. Calculated consistent with GM/GM Financial Support Agreement, filed with the Securities and Exchange Commission as an exhibit to our Current Report on Form 8-K dated April 18, 2018

Contribute to Enterprise Profitability

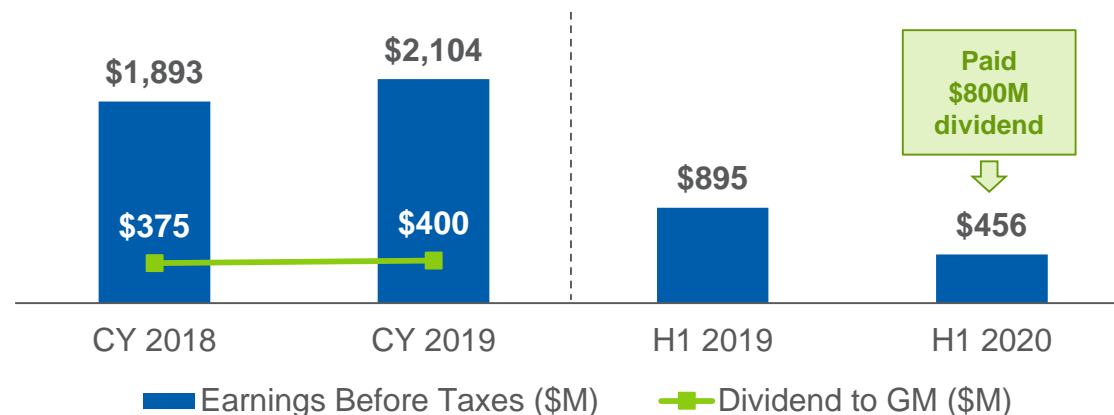

- ✓ Prudent credit and residual management
- ✓ Steady state earnings target of ~\$2.5B annually
- ✓ Paid \$400M dividend to GM in Q2 2020
- ✓ Standalone return on average tangible common equity target of low-mid teens

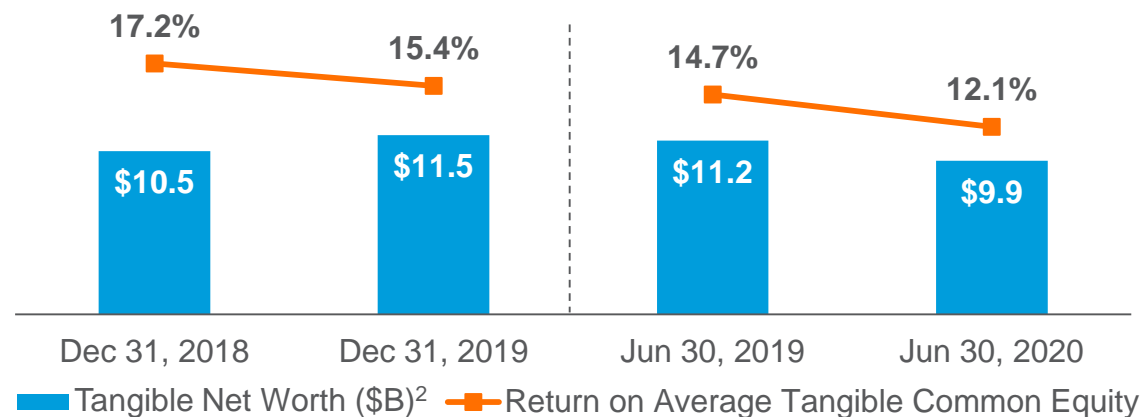

Q2 2020:

- Earnings of \$226M down year-over-year due to higher provision expense and accelerated depreciation expense due to expected lower residual values, both associated with economic impact of COVID-19
- Expect higher credit provision and accelerated depreciation for the remainder of 2020

Earnings Before Taxes and Dividends

Return on Average Tangible Common Equity¹

1. Defined as net income attributable to common shareholder for the trailing four quarters divided by average tangible common equity for the same period; see Appendix for reconciliation to the most directly comparable GAAP measure
 2. Total shareholders' equity less goodwill

- Record quarterly North America GM New loan originations driven by various 0% financing offers and strong dealer engagement with GM Financial

Retail Loan Credit Performance

- **Early stage delinquency rates in U.S. declined from Q1 2020 due primarily to government stimulus, lower consumer spending and GM Financial customer support programs**
 - Approximately 127,000, or 6.7%, of U.S. customers received a payment deferral between March 17 and June 30; as of July 26, 80% made a payment, 14% were at least one day past due, 1% received another deferral, and 5% have a due date beyond July 26
- **Retail credit metrics expected to weaken in H2 2020 with annual net charge-offs in the range of 2.0-2.5%**

1. Effective January 1, 2020, adopted current expected credit loss (CECL) model resulting in a one-time increase of \$801M to the allowance for loan losses on the existing portfolio
